Citation Data Form

As you do your research, use this form to collect bibliographic information about your sources. (Print a copy of this form for each source.) Begin by determining what kind of source the information came from and what method you used to access it. Next, fill in all of the blanks that apply to that type of source and access method. Staple the completed form to any notes, printouts, photocopies, or for the source. Use the information from the form to create your Works Cited or References page.
